

We are very excited to have you join us celebrate the 5<sup>th</sup> Annual Walk for Sickle Cell on Saturday, Sept ember 18<sup>th</sup> from 10am-2pm in Seattle, WA at Seward Park. Our theme this year is *Promoting Healthy Living*. In addition to having organizations and medical providers who work directly with sickle cell we are excited to have vendors who advocate for healthy bodies and minds. It is important for people who live with a chronic disease to be aware of the ways in which to holistically care for themselves and their families.

**All proceeds from our walk this year will go to help support the following programs:**

- **Awareness and Advocacy:** We work with individuals, families, and community members to provide education about Sickle Cell Disease and trait throughout Washington State. We also offer support to families and individuals with sickle cell disease.
- **Summer Camp:** Children with sickle cell disease and their *siblings* have the opportunity to go to camp every year on Vashon Island.
- **Gertrude Dawson Scholarship fund:** We offer scholarships to individuals with Sickle Cell Disease living in Washington State who are pursuing a higher education.
